Department Notes:

- A 26-year-old male was charged with simple assault and harassment. The charges stemmed from a domestic dispute.
- A 29-year-old female was arrested and charged with possession of a small amount of marijuana and arrest prior to requisition. The female was stopped because the registration on her vehicle was suspended. The female had an active felony warrant out of Nevada.
- A 44-year-old female was charged with public drunkenness and disorderly conduct. The female was intoxicated and passed out inside a bus shelter. The female was uncooperative with officers when they woke her up. EMS was summoned and the female was transported to the hospital for treatment.
- 13 arrests were made for retail theft and 9 for driving under the influence.
- Officers successfully served 5 warrants of the 6 warrants that they attempted to serve.
- Officers conducted 13 vacation home checks.

Use of Force: PTPD officers did use force during one incident in the month of September.

Officers were dispatched to a domestic dispute where a female was experiencing a manic episode. Upon arrival, officers deescalated the situation. The male on scene decided to collect some of his belongings and leave for the day until things calmed down. This upset the female who began making comments about harming herself. Officers spoke with the female about the statements, but she grew increasingly agitated. She grabbed a bottle of pills off a table and began ingesting the contents of the bottle. Officers grabbed her arms and took her to the ground. The female was given verbal commands to spit the pills out, which she eventually did. The female was handcuffed, and officers were able to get her calmed down. The female was transported to the hospital for mental health treatment.

SUBJ: Performance Report

On 9/7/24, State College Police received a call about an unknown male showing up a party and threatening the attendees with a rifle. The male then fled and a minimal description of the male and his vehicle was broadcast to other departments. On 9/8/24, Ofc Snyder was handling a disorderly conduct call and observed what he thought was the suspect vehicle leaving the area. He was able to gather a registration number for the vehicle and alert other officers that the suspect may be in the area. Shortly afterwards, Ofc Ottolini observed the same vehicle on N Atherton St and observed it commit several traffic violations. He stopped the vehicle and would subsequently arrest the operator for driving under the influence. In the meantime he got consent to search the vehicle and located a replica rifle in the trunk that matched the description of the rifle used by the suspect in the State College incident. This information was provided to the State College Police Department for their investigation.

It was due to the excellent patrol tactics of Ofc Snyder and Ofc Ottolini that a suspect in a serious crime was identified and important evidence was recovered. Their work reflects the highest credit on themselves and the Patton Township Police Department.

A copy of this report has been made part of the employee's permanent file.
