### ***CATA Fall 2022 Service Changes Effective Monday, August 15***

The Centre Area Transportation Authority's (CATA's) Fall 2022 Full Service schedule will go into effect on Monday, August 15, 2022. Service changes effective on this date include:

- The introduction of the new high-frequency **Atherton Street** and **College Avenue Connectors**. Both routes will operate on a 24-minute frequency and are designed to connect the community with employment centers, retail destinations, restaurants, medical offices, etc. These routes provide service to Downtown State College, allowing for convenient transfer to the Blue and White Loops for travel onto Campus.

**PLEASE NOTE:** The implementation of this new service will result in the elimination of the following routes: **K**, **M portion of the HM** (Downtown State College to the Nittany Mall), **P**, and **XP**. The **H** portion of the former **HM** route (Toftrees to Downtown State College) will become a standalone route.

- The introduction of the new **Northwest** and **Southwest CATAGO** microtransit zones, servicing the areas of Park Forest, Science Park, Pine Grove Mills, some neighborhoods within State College Borough, and the vicinity (including the majority of the areas formerly serviced by the now-discontinued A, F, G, and S routes), during peak commute times weekdays, 6:00 a.m. – 10:00 a.m. and 3:00 p.m. – 7:00 p.m.
- Late night service restoration after 10:00 p.m. weekdays provided by the **College Avenue Connector**, **NV**, and **RP Routes**.
- Increased mid-day service on the **HU**, **NE**, **RC**, **VE**, and **WE** express routes.

The full list of service changes to take effect on Monday, August 15, as well as new route maps and timetables, are available now on the CATA website at [www.catabus.com/fall22-service/](http://www.catabus.com/fall22-service/) and by contacting CATA's Customer Service Center at (814) 238-CATA(2282) during normal business hours.

For more information on expanded CATAGO service, please visit [www.catabus.com/go](http://www.catabus.com/go).
